

The Adventures of Ozzie and Harriet Nelson Log

Compiled by Paul F. Anderson

As far as I know, there has never been a log compiled on The Adventures of Ozzie and Harriet Nelson, most likely due to the scarcity of their shows. This is not a complete log since the first and second seasons are completely missing along with parts of the third and fourth seasons. I've searched long and endlessly for the first two seasons and have unfortunately come up with nothing. I would like to complete this log for the readers of THE SOUNDS OF YESTERDAY, thus if anyone has information to fill in the missing parts of this log, I would appreciate it.

THE ADVENTURES OF OZZIE AND HARRIET NELSON

On October 8, 1944, THE ADVENTURES OF OZZIE AND HARRIET NELSON premiered on CBS, the date also happened to be Ozzie and Harriet's wedding anniversary. Ozzie Nelson, who had a degree in Law, was known for his band and natural comedy on previous radio shows. Harriet Nelson, an actor, had appeared in some short films. After seeing her, Ozzie decided to have her audition for the band. She did and became the singer for the band. They then together worked out a patter-and-song routine that became their trademark.

Three years later, on October 8, 1935, Ozzie and Harriet were married, and during this they started their career on radio when they signed with JOE PENNER'S BAKER'S BROADCAST. After the birth of David (1936) and Ricky (1940) they moved to Hollywood where they joined THE RED SKELETON SHOW in 1941. The Nelsons found themselves acting as well as providing the music for Red Skeleton. This lead to their show, THE ADVENTURES OF OZZIE AND HARRIET NELSON, as Red Skeleton was suddenly drafted.

1948 NBC → 1949 ABC

THE ADVENTURES OF OZZIE AND HARRIET NELSON was a situation comedy where the Nelson's were supposed to be the average American family leading the good life. However, they constantly became embroiled in hair-raising and humorous situations.

In 1949 Ozzie and Harriet Nelson moved to ABC for Heinz Foods. That is where they remained until they left the radio in 1954, in favor of the new kid on the block, T.V.
